As mentioned elsewhere in this newsletter, the members present at our March meeting decided to not host our annual 4x4 Fest. There has been much discussion about whether to put on our annual event or not over the past few months. Considering that our annual event is in the August to October time-frame, which is 4-6 months away, we needed to decide so we could get started in our preparation work. There was further discussion weighing the pro's and con's, but in the end the membership decided to forgo this years event. Luckily the weather outside was great, because we held our meeting outdoors this month. Unfortunately I was feeling rather ill and didn't get a chance to go 4-wheeling afterwards. There were more than a handful who went to the ORV park afterwards. Welcome aboard to our newest members Erik and Annie Woods who met up with the club at Randolph.

Remember, our April meeting will be on April 21, at 0900 at the Kansas Rock Park. This will be a working meeting as we will be doing some trail mainanence on our adopted trail. Bring gloves and hand tools (the park does not permit power tools), shovels, picks, etc... Also, bring a lunch. I received an email David Killion (president of KS Rock Park) informing us that there will be a Hummer event at the park that day. I figured ours is a small club and we'll be able to stay out of there way.

Besides, some might like watching the Hummers attempt going off-road.

Secretary's Report – Meeting Minutes

No minutes submitted.

April Mtg

- The April meeting will be held on Saturday, April 21st
- at Kansas Rocks Park. This is a clean-up day for our
- sponsorship of trails at the park. If you can join us,
- bring tools (no power tools) and your picnic lunch.
- We'll have our monthly meeting during our lunch
- break.
- Come along for a good time!!!

Vice-President's Report

Submitted by Vic Strnad
vstrnad@sunflower.com

It was decided by a vote of the members present at the March meeting not to hold a 4X4 Fest this year. The President will be getting back with Briggs Auto Group to explain the reasoning. After the meeting we headed out to the ORV Park. The weather was great and our little group had a good time. Just a reminder the April meeting will be held on the 21st at the Kansas Rocks Park. This is our Clubs adopt a trail clean up date so please make every attempt to attend. It is not all work as we manage to get a lot of playing in. There are several nice motels to stay at in Fort Scott and there is now primitive camping at the Rocks Park for \$5.00 a night. Check their web site for more information on the camping and the park in general at www.ksrockspark.com. We will be meeting in the parking lot at the Park at 9:00am. Our attendance at meetings have has been low but I hope that's just because of it being winter and it will pick up now that the weather is getting nicer. Hope to see you all soon, at the next meeting and on the trails.

March 19, 1952: the one-millionth Jeep vehicle is produced
March 25, 1981: the Jeep Scrambler (CJ-8) is introduced as a mid-year model.
